

PRODUCT SELECTION PROGRAM EVAPORATOR SELECTION MODULE USER GUIDE

Evaporator selection module consists of three parts:

1. USER DATA INPUT SECTION
2. SELECTED PRODUCT LIST
3. PRODUCT SPECIFICATIONS SECTION

1. USER DATA INPUT SECTION

1.1 CAPACITY REQUIREMENTS INPUT

- Total Required Capacity: Requested product capacity is defined.
- Measurement Unit: Measurement unit for requested product capacity is selected.
- Number of Unit: Requested product number is defined.
- Tolerance: Minimum and maximum range as percentage ($\pm\%$) of requested capacity is defined.

1.2 OPERATING CONDITIONS INPUT

- Refrigerant: The refrigerant is selected.
- Air Inlet Temperature: Unit air inlet temperature is defined.
- ΔT : Temperature difference between air inlet and evaporation temperatures is calculated and shown.
- Evaporation Temperature: Evaporation temperature is defined.

1.3 PREFERENCES ENTRIES

- Manual Model Selection: A specific model selection to see its data at different conditions. (For Convenience, please use the preferences boxes to filter the list.)
- Series Preference: The preferred product series(s) is selected from drop-down list.
- Diameter of Fan Preference: The preferred diameter of the fan(s) is selected from drop-down list.
- Fin Pitch Preference: The preferred fin pitch(s) is selected from drop-down list.
- Fin Material: The preferred fin material is selected from drop-down list.
- Energy Efficiency Class: The preferred energy efficiency class is selected from drop-down list.
- Stocked Products Preference: (For authorized users only) Use the drop-down list to filter the products which are in the stock.
- Altitude: Sea level altitude is defined.
- Sound Level Distance: Enter distance from center of the unit and maximum allowed sound pressure level.

1.4 PRODUCT SELECT BUTTON: Click to start product selection.

2. SELECTED PRODUCT LIST:

- Selected products, by several technical data, are listed.
- By clicking on the print button () , print page will pop up.
- By clicking on the cart button () , selected products are sent to the user basket.
- Ascending/descending ranking can be done by clicking on the headers.
- The upper-right arrow is to hide/re-open the list.
- The tools, at the bottom of the list, to assist to manage the list.

3. PRODUCT SPECIFICATIONS SECTION:

- This section has several tabs. By clicking on tab headers, different product specifications can be displayed.
- Dimensions: Drawings, dimensions, connections and weights of the selected product can be displayed.
- Technical Specifications: Technical specifications of the selected product can be displayed.
- Fan Data: Fan data of the selected product can be displayed.
